

NBSC Lucknow

1st Programme on IT and Soft Skills for Senior Officers

NBSC conducted the 1st Programme on IT and Soft Skills for Senior Officers on 30 and 31 July 2018.

The need for a bridge programme covering IT and Soft Skills was felt as many senior officers had provided feedback that inputs on soft skills like mentoring, conflict management as well as on pressing problems arising from cyber security related issues would facilitate their discharge of work. The two-day programme had inputs from specialists in their respective fields. Sessions on productivity enhancement tools, corporate image branding and standardization as well as NABARD's IT policy and cyber-security related threats being faced by NABARD were greatly appreciated by the participants. Dr. Aarvind Chaturvedi, Additional SP, SIT (Cyber-crime Cell) UP Police handled a session on "Cyber-crime and Security" by citing real life instances of cyber-crime and precautions to be taken to protect the bank and oneself from cyber-attack.

A movie, "Eye in the Sky" was screened for the benefit of the participants and an attempt was made to bring out various soft skills like leadership, risk-taking, mentoring, ethics, shouldering responsibility, persuasion, decision-making, etc., from roles played by the characters in the movie. The participants greatly appreciated the learning from the movie.

Smt Toolika Pankaj, Principal and Shri S.V. Sardesai, Vice Principal, Faculty Members interacted with the participants during the programme.

Shri S K Jahagirdar, DGM, coordinated the programme.

A group photograph of the participants is appended.
